

February 14, 2007

Subject: 2007 Standard Details, Specifications and Technical Design Manuals

Please be advised, effective February 26, 2007, all **new** improvement plan submittals will be subject to the 2007 updates to the Standard Details, Specifications and Technical Design Manuals (TDM'S). The 2007 update includes:

- STANDARD DETAILS AND SPECIFICATIONS
- STREET DESIGN AND ACCESS CONTROL, TDM #4
- TRAFFIC SIGNAL DESIGN, TDM #5
- STREETLIGHT DESIGN, TDM #6
- TRAFFIC BARRICADE DESIGN, TDM #7

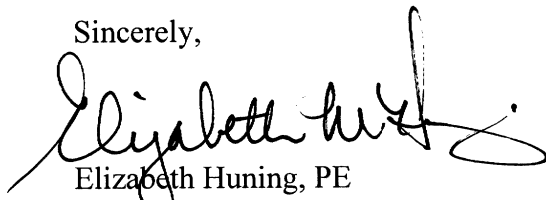

For improvement plans currently in review, use of these new standards is at the discretion of the contractor/engineer.

Revised and current manuals can be downloaded from the Unified Development Manual website: <http://udm.chandleraz.gov> or purchased in hard copy format from the Planning and Development front counter at 215 E Buffalo St.

Revisions to Technical Design Manuals #1, 2 and 3 and standard details/specifications pertaining to water, wastewater, reclaimed, and storm systems are planned for 2008.

If you have further questions, please contact Warren White at (480) 782-3337.

Sincerely,

Elizabeth Huning, PE
Asst. PW Director/City Engineer
